Synopsis

Murphy Hawkins, USMC, discovers he can teleport himself and others when a routine patrol goes sideways. He saves his team, but his special skills force him into the world of unconventional logistics and Special Operations. Murphy joins the Limitless Logistics team, known to some as the "Pantheon." Their mission is a strange blend of logistics and combat, but far less combat than he would like.

Valerie Hall, recently promoted to the second in command of Limitless Logistics, now has a hot headed, ultra-macho, CrossFit loving Marine to train while overcoming the administrative and bureaucratic nightmare of running a covert logistics team.

What looks like a terror attack on US soil detonates into chaos across the US—and the entire Pantheon must halt a second attack.
